Driven web development graduate with a passion for crafting responsive and user-centric web experiences. Adept at modern technologies like Java Spring Boot, Vue.js, and Nuxt.js. Sharpened skills through a rigorous 1-year IT Academy bootcamp and applied them during internships at EPAM (5 months) and Endava (3 months), tackling impactful development tasks. Eager to contribute to a dynamic team and continuously expand my knowledge within the ever-evolving web development landscape.

## PROFESSIONAL EXPERIENCE

### Java Full Stack Developer Intern - Epam | 10-2023 - 03-2024

Collaborated with a mentor on a full-stack development project, prioritizing clean code practices for optimal performance and maintainability. Demonstrated initiative by staying up-to-date on emerging technologies, showcasing a commitment to continuous learning and industry best practices.

### Java Developer Intern - Endava | 11-2022 - 02-2023

Collaborated with senior developers on backend development for web applications, contributing to the design and management of MySQL databases. Independently developed user-friendly and responsive front-end interfaces using Thymeleaf.
